3. Generation 1965-1980 (43-57),
4. Millennials 1981-1995 (28-42),
5. Generation Z 1996-2010 (13-27);
6. COVID KIDS 2011-?, (Under 13)

Two examples generations Steve described:

Baby Boomers: raised by veterans, civil rights, do right by your parents, work hard-play hard and American dream.

Generation X: Kids of Divorce, mom at work, latchkey kids, supervised 24/7? No Way.

'The Pitch' is a visionary educational program described as a Shark Tank-style business contest for teens. The program empowers the leaders of tomorrow to thrive in the ever-evolving business landscape.

From Lillyanne, 2024 Joseff-Endle Scholarship recipient, incoming junior at La Follette High School provided a 'Thank you' note. Her musical instrument is the tuba.

'This was my first time doing any type of music clinic and I'm really happy with my experience. I really enjoyed picking classes that catered to my interests and spending time with people that played the same instrument as me because normally I don't get that. I do feel like the techniques I learned will carry on into the school year and beyond further expanding my interest and passion for music. One of my favorite memories was the Saturday concert and being able to share with my parents the work I was doing. Thank you again for the opportunity. Without the scholarship I would've never been able to have these experiences.'
